O firmie

Since its establishment, the mission of BUDOMAL has been, and continues to be, to meet the top tier standards in the execution of works and customer support. BUDOMAL is one of the first companies in the construction industry that introduced and applies XPERTIS construction projects management system. Development strategy planned in detail, consistently implemented quality policy compliant with EN ISO 9001:2000, professional workmanship, as well as conducting activities in an environmentally friendly manner - all this builds BUDOMAL's brand as a competitive and economically strong entity. BUDOMAL has been engaged in charity for years, among others, supporting Towarzystwo Walki z Kalectwem (Polish Association for Combating Disabilities), Fundacja Słoneczna Buzia (Polish foundation) or Caritas Łódź in helping those most in need.
